**B. WHO WOULD BENEFIT FROM THE REQUIRED MINIMUM DISTRIBUTION AUTOMATIC WITHDRAWAL PLAN?**

The Required Minimum Distribution Automatic Withdrawal Plan can be used by individuals participating in a Tax Sheltered Annuity (TSA), Individual Retirement Annuity (IRA), or Simplified Employee Pension (SEP). Such individuals may want to take advantage of the Company's automatic withdrawal plan in order to satisfy minimum distribution requirements upon attaining age 70½.

**C. METHOD OF CALCULATING YOUR REQUIRED MINIMUM DISTRIBUTION (RMD) AMOUNT**

On January 12, 2001, the IRS issued new proposed RMD regulations. Based on these regulations, the Company will calculate your RMD amount each year by using your previous 12/31 year-end value divided by your life expectancy and the life expectancy of an individual assumed to be 10 years younger. Any additional withdrawals requested by you will reduce your RMD payments for that given year.

**Exception:** If you have a spouse who is more than 10 years younger than you and is your sole Primary Beneficiary, we can calculate your RMD based on your age and the true age of your spouse instead of an individual only 10 years younger. This calculation will produce an even smaller RMD amount than the calculation above. If you qualify for this exception, please complete the spousal information below. Otherwise, leave this section blank.

Spouse Social Security No. \_\_\_\_\_ Spouse Date of Birth \_\_\_\_\_

**Note:** If you make a change to your beneficiary designation in the future, please notify us immediately. Your RMD calculation will need to be adjusted.

**D. SELECT THE ACCOUNTS FOR THE WITHDRAWAL**

(Skip this section if your contract no longer has values in an index period)

\_\_\_\_\_ % Pro rata basis from the account(s)

\_\_\_\_\_ % Index Account – During an index period, interest is only credited once a year on each contract anniversary. Withdrawals from the index account that occur on any date other than a contract anniversary during the index period will receive no index interest from the last contract anniversary date to the date of the withdrawal.

\_\_\_\_\_ % Guaranteed Growth Account – Available for contracts generally issued on or after October 10, 2011.

If there is insufficient value to follow the instructions, funds will be withdrawn on a pro rata basis from the account(s). The percentages must be specified in whole percentages and total 100%.

**E. SELECT A START DATE**

NOTE: • The withdrawal effective date must be after the first contract anniversary.

• During an index period, index interest is only credited once a year on each contract anniversary. Withdrawals that occur on any date other than a contract anniversary during an index period will receive no index interest from the last contract anniversary date to the date of the withdrawal.

• Once the index period ends, interest is credited daily at a fixed rate rather than once a year. Withdrawals that occur after the index period ends will receive interest each day up until the date of the withdrawal.

I would like my withdrawals made under one of the following payment frequencies.

- Monthly  Quarterly  Semiannually  Annually

**G. WITHHOLDING ELECTION ON TAXABLE AMOUNTS**

**ALERT:** This section is required for all distributions.

**ELECTION: IF YOU DO NOT MAKE AN ELECTION, WITHHOLDING WILL APPLY, AND THE APPLICABLE FEDERAL INCOME TAX AND STATE INCOME TAX WITHHOLDING WILL BE WITHHELD FROM THE TAXABLE PORTION OF YOUR DISTRIBUTION.**

Please check the appropriate box below.

- I do not want to have federal or state income tax withheld from this distribution.  
 Withhold the amount as provided in the income tax withholding guidelines. Withholding will only apply to the taxable portion of the distribution or withdrawal. If an additional amount of withholding is needed, please note in special instructions.

**NOTICE: If no election is made, withholding rules will apply.**

**Notice of Withholding.** This distribution you are requesting is subject to mandatory federal income tax withholding (and state withholding in some states) unless you elect not to have withholding apply. Withholding only applies to the taxable portion of your distribution. If the taxable portion is unknown, withholding will apply to the gross amount of the payment. This may result in excess withholding on the payment. If an election is not made, the applicable federal income tax (and state income tax if required by your state) will be withheld. If you do not have enough federal income tax withheld, you may be responsible for payment of estimated tax and you may incur penalties under the estimated tax rules if your withholding and estimated tax payments are insufficient.
